

## YI, MORPHEUS

Offering daily tasting menus that incorporate flavours from Cantonese, Sichuan, Chaozhou, Hunan and Shandong cuisines, Yi is the island's first Asian omakase. Freshness and seasonality are at the backbone of Yi, so much that you won't be able to find a freezer on site. Tea sommeliers will curate the perfect accompaniments to every meal.

## GOA NIGHTS, TAIPA VILLAGE

Opened just earlier this year, the Indian tapas-style restaurant and cocktail bar offers Goan flavours with a healthy twist and serves dishes concocted by seasoned chefs flown in straight from the land of spices. Beetroot and chickpea salads are must-try guiltless pleasures; while chicken tikka nachos and Rava fish fry make for great sharing plates. Add a tad of indulgence to clean eating with the special Beetroot Gin infused with coconut water and lemon.
