## **About Taipa Village Cultural Association**

Taipa Village Cultural Association was established in 2016 as a non-profit association comprised of representatives from both local community and wider Macau. The association aims to highlight the uniqueness of Taipa Village's heritage by raising awareness of its attractions and cementing its position as a distinctive community that benefits all of Macau.

Numerous initiatives are planned to preserve, enrich and cement the village as a tourist and cultural destination, including a diverse range of artistic and cultural attractions that will allow visitors and future generations to enjoy a unique experience of the authentic Macau.

## **About Taipa Village**

Located in an historic enclave on Taipa Island, Taipa Village was originally inhabited by fishermen – a heritage that lives on today in its quaint village street layout and evocative, pastel-hued shop houses, nestled alongside colonial churches and Chinese temples. The village, with its rich history, offers an inspiring, East-meets-West alternative to Macau's casinos, and is a must-go destination for visitors and locals alike.
